CONTENU

This course aims at training students to conceive development projects. It is based on the study case of a real PCM process

Detailed course plan:

Session 1: PCM; Presentation of the study case: applicant NGO, field partners, guidelines, grant application form...

Session 2: Participation to the identification process of a real development project: from the focus group to the problem tree co construction

Sessions 3 and 4: Participation to the formulation process of a real development project: from the objective tree to the logical framework

Sessions 5 and 6: Participation to the budgeting process of a real development project: from the intervention logic to the concept note and figures

Session 7: Evaluation of the project

COMPÉTENCES À ACQUÉRIR

Relevance, efficiency, team working, express oneself in public.

MODALITÉS D'ORGANISATION

In line with the Master 1 PCM course, students will be conducted to participate in the actual conception of a development project lead by a French NGO.
